

Ashley and the Moogist
by Ashley Brim

Once upon a time there was a boy named Jonny.
Jonny was a Moogist.

Ashley was a singer.

They started a band.

They played a lot of music together.

Then one day Ashley spent the night at Jonny's apartment.

Jonny fondled Ashley, and Ashley gave Jonny
weird head.

They slept apart that night.

Ashley slept on the floor and Jonny slept on the bed.

But Jonny had a girlfriend.

She was a little crazy.

Ashley was concerned because of Ashley and Jonny's relationship.

Then things got weird between Jonny and Ashley.

Jonny got sick.

His girlfriend took care of him.

Jonny asked his girlfriend to marry him.

The band broke up because the guitarist lived too far away.

Jonny is fucked up.
