BONER TRANSCRIPT

JOSEF KAPLAN

2012

COVER BY JOEY YEAROUS-ALGOZIN

[clears throat]

testing

let me see if I can

it's kind of hilarious to have this

fucking metronome thing going

but wonder if I can turn it off

ok

[hums]

there we go

it's off

ok

um

this is Josef

and I am in my bedroom

and uh

I got my blinds [laughs] I got my blinds

closed because what I'm about to do is kinda creepy

um and I am going to now

try and

uhhh

like get an erection

and hang onto it

for hopefully kind of an

app-

I don't know um

like an alright period of time before

this becomes either

incredibly boring or I just can't do it

anymore so uh

I'm going to see if I can't get this

going on

um with with all of the anxiety of this

recorder happening

alright I'm going to need

a second

[about two and a half minutes pass]

alright

here we go

[mumbles] timing

oh my god there

is no way this is going to fucking happen

for any length of time

oh

let's see

[a minute and a half passes]

this is taking more

tending to

than I originally anticipated

it's also

I have no idea how to

inflect for this recorder

how I'm talking about this

[a minute passes]

I also feel like I need to whisper

because

I'm fucking terrified

my neighbors will hear

me talking about

beating myself off

[another minute passes]

ohhhhh shit

I totally forgot to plug in my computer

K one second

shit

[clears throat]

shit

shit

yea

ah

[about half a minute passes]

OK I totally had this like

fantasy that I could just

do this

and do other shit while

doing it

I thought it would be

really funny to

Gchat with people

while doing this

but it's I'm not feeling like

I'm in the place where

I can just uh

do two things at once

at the moment

I think it

uh

[about three minutes pass]

alright uh

I was planning on having

all this commentary

there's really

not a lot

to talk about
